## Power your life

Make power outages a thing of the past with a home standby generator.

**Are you prepared for Power Outages?**  
Power outages... we've all suffered through them. The good news is, you don't need to any longer. Generac home standby generators automatically provide backup power during a utility power outage – whether you're home or away. Whether it's for a few hours or several days, your family and home are protected. So sure, keep the candles and flash lights, but it's time to get serious about preparing for power outages.

Call or go online today for more information
